

Hidden in the Hills 2020

Artists' Studio Tour & Sale—Two Art-filled Weekends

• Friday • Saturday • Sunday **November 20, 21, 22** and **27, 28, 29**

Justine is happily anticipating her 16th year with “Hidden in the Hills Studio Tour and Sale.” Justine will again welcome visitors at

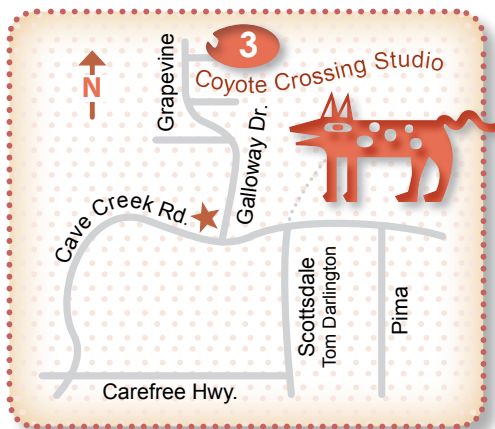

STUDIO 3

Dick Mueller's “Coyote Crossing” Studio #3 on Grapevine in beautiful Cave Creek.

The Pandemic requires special precautions as visitors will have to wear a mask and practice “Social Distancing.” Click [HERE](#) for HITH web page with links to maps, artists lists, digital directory and more!

As usual Justine's paintings have their own private heading of “Inks” on the “Tour” map. Look for Justine's new small creations painted with her unique Ink and Etching techniques. Justine just finished her 6 x 6”, “Purple Prickly Pears” painting. When she created this painting her Ink and Etching was combined with a “wet on wet,” floating iridescent purple and green inks with the prickly pear paddles bracketing the vibrant yellow blooms.

Among the vibrant paintings displayed during the Studio Tour, Justine will exhibit her large painting “Water Dance” which was honored with “Best of Show” at the 2020 “Juried Competition” in Fountain Hills.

After celebrating the magic “Blue Moon” during Halloween this year and welcoming Autumn to the Southwest, Justine joined others as they looked to the future.

Read Justine's Interview with **SHOUTOUT Arizona** ... an online magazine dedicated to putting small business owners and creatives at the center of discussions designed to spark conversation within the community. She discusses her work and career, an inspirational book, and enjoyable locations in the Valley ...

Flutter at the Fountain

Justine, and husband Bill stand by the butterfly painted by Justine, featuring one of her signature sunset paintings, during their tour of the 30 one-of-a-kind butterflies painted by local artists for the "Flutter at the Fountain" event to raise funds for the [Fountain Hills Community Foundation](#).

The Foundation provides financial support to educational, cultural and humanitarian non-profit organizations in the Fountain Hills area.

An on-line auction began in early October and ran through November 6th. The November 7th "Gala in the Garden" featured timed, socially distanced tours allowing guests to view all 30 of the breathtaking butterflies on display.
