

News from Justine

Summer 2021

It's A Sizzlin' Summer ... and we are all finding ways of surviving the heat! The town of Fountain Hills is quiet along with the rest of the Valley. Bill is relaxing with Bear during the heat. Painting cool inside is the creative option for Justine. The long, awaited finish of "*Desert Twilight*" is finally accomplished. The painting was interrupted several times thanks to the forced inaction due to Covid. New compositions are underway. Justine has started work on "*Red Rock Crossing*" which will become part of 3 views of the "Crossing". Justine is starting work on 5 x 7" paintings. Her "*Dark Monument*" is at the beginning etching stage. Additionally, she has just completed "*Ear of the Wind*".

"Ancient Art" Sale ... Justine had some of her historical prints and mixed media work displayed during her "Ancient Art Sale". Brought out of storage was one of her Milagro paintings, "*Milagro for the Lungs/Cleansing the Lungs, Cleansing the Breath of the Earth*". The painting was mixed media with water color crayons and ink on clayboard. It also featured a tiny, silver Milagro of the lungs.

Justine collaborates with the Gilbert Visual Art League and Mesa Art League: ... Zoom Presentations...

Justine tackled "Zoom" presentations as a way to stay connected with the art community during the challenges of the pandemic. She completed two "Zoom" demos in the Spring for Gilbert Visual Art League and Mesa Art League.

Before her "Inks and Etching" demo the League Board checked the presentation and found Justine needed some coaching in "Zoom" technology. She got help from the League's Treasurer, John Priddy.

Before the Mesa presentation, the League Media coordinator, Sharon Corrigan, came to Justine's home for a personal one-on-one five hour "Zoom" instruction. Thanks to Sharon's patience and lots of practice, Justine mastered "Zoom".

Justine is featured in the Gilbert Visual Art League Newsletter

Workshops!

Students attended an "Inks and Alcohol" workshop at Justine's home studio in May. Included in the workshop was an experiment with water color pencils on Ampersand's Water Color Textured Board.

Justine will be offering a two-day "Ink and Etching" workshop, Saturday and Sunday, November 13th and 14th at Sedona Arts Center. As usual, all supplies are included. [Contact SAC to register.](#)
